

# STAGING AND AUDIO-VISUAL REQUIREMENTS

## **Computer, Projector and Screen**

Irvine uses a 13" MacBook laptop that has a standard HDMI port for video output. Irvine's entire presentation is presented from his computer using a 16:9 display ratio. Client must provide a wireless clicker to use with Irvine's MacBook laptop. The larger the screen and the higher the quality of the projector, the better.

## **Microphone and Audio:**

Irvine requires a wireless lavalier microphone connected to a high-quality audio system. Speakers/audio should be very high-quality and sufficient for the entire audience. Please make sure the sound system is functioning and tested before his arrival.

## **No Podium:**

Irvine prefers no podium to be on stage. If one must be present, he prefers it to be pushed back so that he may walk in front of it unencumbered.

## **Beverage:**

Please have a bottle of water available to Irvine while on stage.

## **Confidence Monitor:**

Irvine prefers a confidence monitor, if possible.

## **Audio and Video System Testing:**

Irvine, must have the ability to do an audio/visual test no fewer than 30 minutes before taking the stage.

## **Internet Access Not Required:**

Irvine presents using his own laptop. The entire presentation and all content are self-contained and do NOT require Internet access.
